

Cost Per Credit Hour for Programs Eligible for the Military Tuition Assistance Program

The Department of Defense requires all institutions using a flat rate for tuition to post on their website the derived "cost per credit hour" of eligible programs for our active military students to receive the tuition assistance benefit. Please note that this figure is provided solely to meet this requirement. UAT does not use a cost-per-credit hour calculation to determine tuition charges.

Effective September 2024, for active duty military students using TA, Tuition is \$5,900 per semester for UAT's Online Associate's and Bachelor's programs (full-time)***. Or \$491.67 per credit.
